

Beyond Cert IV

Ongoing professional development for workplace trainers

We believe the **3 biggest issues** workplace trainers face are:

“Dry” and/or “Boring” content, and how to make it interesting

Maximising training impact while minimising preparation

Making it fun, engaging and interactive

Tapping into the worlds of Education, Stage and Theatre, Applied Psychology, Neuro Linguistic Programming, amongst others, this **2 day** training is packed full of tips, techniques, ideas and theories that will take your training to the next level.

This program is a treasure trove of tips and techniques that will bring your training to life!

You will get:

- a guaranteed way of engaging audiences from the word go (the magic formula)
 - a training design methodology that encompasses just about EVERY learning style you can think of
 - a way of designing games, simulations and activities to give your training impact and meaning
 - a tried and tested methodology for "thinking on your feet"
 - a model to delivery training that can reduce your existing preparation time by at least 50%
- AND a trainers toolkit crammed packed with stuff that will make your next training "pop"
- Session plan templates for 6 different types of workshops (Time Management, Team Building, Communication Skills, Managing Meetings, Presentations skills and Conflict Management)
 - Visual Vocabulary Dictionary full of simple pictures and icons to represent business concepts
 - Learning Journal
 - Connector Pens
